The Hawaii HomeOwnership Center (HHOC) is a 501c3 non-profit organization that focuses on preparing buyers for sustainable homeownership. We have successfully assisted 2,428 local families with the purchase of their home in Hawaii. Our homeowners include those who are low-moderate income - even in our challenging housing market, ownership is possible even for families of lower income after being educated about the purchase process & buyer resources. We have added Foreclosure Prevention and Rental Counseling for distressed owners and renters in response to the pandemic. Your contribution will ensure that hundreds in our community will receive our needed services.
